

mainly music

mainly
music®

mainly music is a fun, friendly, interactive music session for parents and caregivers and their young children – followed by an eat/play/chat time that is run weekly by a team of volunteers from the local church for the local community.

As a local community outreach, mainly music has a unique ability to be the face of the church to the community in a way that doesn't put people off. It is never pushy – but the underlying motivation is Jesus.

This ministry provides a platform for the church to reach out holistically to community families.

As an organisation, mainly music Australia provides most of the resources to allow mainly music to happen at the local level – the music, the session plans, the focus on building community and resourcing for special events.

**The ministry
provides a
platform for the
church to reach
out holistically.**

Each mainly music is accountable to their local Christian church, who establish the group as part of their community outreach ministries. The mainly music concept saves your church reinventing the wheel and helps the church team to keep focus on the goal of deliberate connections with community families. A musical or teaching background is not essential.

To begin a volunteer team of six, a suitable venue, a supportive church base and initially some financial support are needed.

On a weekly basis, mainly music Australia receives stories from churches where families are changed through encountering Jesus.

If you or someone in your church is interested in starting a mainly music we are available to help your church consider the possibilities. As an organisation we will walk through the application and start up process with you, guiding, encouraging and providing on-going support.

Please call Michaela on (02) 9621 6396 or 0409 194 352 for more information.
